REGULATORY DECLARATION

CE and UKCA Marking Declaration

Issued jointly by Check-Flex Limited (UK) and Measurit Technologies Ltd (Ireland). Issued: June 2026 · Reviewed annually.

Check-Flex Limited

71–75 Shelton Street, London, WC2H 9JQ, United Kingdom VAT GB 387 5200 81 EORI GB387520081000 Reg. 13523172

Declaration of CE Marking Exemption

Under Construction Products Regulation (EU) No 305/2011

Check-Flex Limited confirms that the following products are **not subject to CE marking** under Regulation (EU) No 305/2011:

> Check-Flex G2 Series
> Check-Flex G3 Series
> Check-Flex G4 Series
> Check-Flex G5 Series

The following products **are CE marked** under EN13564-1 (Anti-flooding devices for buildings):

> Check-Flex RESI valves 100–200mm

Basis for exemption

No harmonised standards currently exist for this product sector under the Construction Products Regulation. The VDMA (Verband Deutscher Maschinen- und Anlagenbau e.V. — German Engineering Federation) position paper confirms that a common or umbrella standard is currently being developed to harmonise differing standards and set uniform requirements. CE marking of sanitary and building valves will not be required, and the creation of a Declaration of Performance will not be necessary, until such harmonised standard is in place.

Declaration of UKCA Marking Exemption

Under the Construction Products (Amendment etc.) (EU Exit) Regulations 2019 and associated legislation effective 1 January 2021

Following EU Exit, all existing harmonised European standards became UK designated standards. The CE Marking Exemption set out above accordingly satisfies the equivalent requirements under UK construction products legislation.

Check-Flex Limited confirms that the following products are **not subject to UKCA marking**:

> Check-Flex G2 Series
> Check-Flex G3 Series
> Check-Flex G4 Series
> Check-Flex G5 Series

The following products **are CE marked** under EN13564-1 and that CE marking is accepted under current UK designated standards arrangements:

> Check-Flex RESI valves 100–200mm

Measurit Technologies Ltd

Craanford, Gorey, Co. Wexford, Y25 TW35, Ireland VAT IE8226342J EORI IE8226342J Reg. 226342

Declaration of CE Marking Exemption

Under Construction Products Regulation (EU) No 305/2011

Measurit Technologies Ltd confirms that the following products are **not subject to CE marking** under Regulation (EU) No 305/2011:

> Check-Flex G2 Series
> Check-Flex G3 Series
> Check-Flex G4 Series
> Check-Flex G5 Series

The following products **are CE marked** under EN13564-1 (Anti-flooding devices for buildings):

> Check-Flex RESI valves 100–200mm

Basis for exemption

No harmonised standards currently exist for this product sector under the Construction Products Regulation. The VDMA (Verband Deutscher Maschinen- und Anlagenbau e.V. — German Engineering Federation) position paper confirms that a common or umbrella standard is currently being developed to harmonise differing standards and set uniform requirements. CE marking of sanitary and building valves will not be required, and the creation of a Declaration of Performance will not be necessary, until such harmonised standard is in place.

This declaration is issued in good faith on the basis of current regulatory requirements and the VDMA position paper. It should be reviewed annually and updated promptly in the event of any change to applicable harmonised standards or regulatory requirements. This document does not constitute legal advice.
